

# M. Jeffrey Mei, Ph. D.

<http://jeffrey.mei.github.io> | +1 617-301-0213 | [jeffrey.mei@alum.mit.edu](mailto:jeffrey.mei@alum.mit.edu) | Somerville, MA 02143, USA

## WORK/RESEARCH EXPERIENCE

---

**Data Scientist II**, Wayfair LLC, Boston MA, USA

December 2020 –

- Developed sequential attention-based transformer model using customers' browse contexts to serve product recommendations, (Apache Airflow, Google Cloud AI Platform Training, Docker), improving recall from standard matrix factorization models by 25%
- Converted recommendation models from on-premise Vertica/Hive queries and local storage to Google Cloud Platform (Google Big Query, Google Cloud Storage), eliminating costs of on-premise compute/storage

**Graduate Research Assistant**, MIT/WHOI Joint Program

June 2015 – September 2020

- Created a convolutional neural network to analyze sea ice imagery to infer ice thickness and snow depth from surface topography, reducing error in sea ice thickness estimates by 60% (PyTorch, OpenCV, AWS EC2)
- Developed a textural segmentation algorithm to distinguish different deformed sea ice surfaces which increased amount of snow depth data available to researchers by 10x via textural extrapolation
- Collected sea ice data using surface laser (lidar) scans during 3-month winter fieldwork in Antarctica

## EDUCATION

---

**Massachusetts Institute of Technology, Cambridge, MA**

June 2015 – September 2020

**Woods Hole Oceanographic Institution, Woods Hole, MA**

*Ph. D., Mechanical Engineering* (major: Oceanographic Engineering; minor: Data Science)

GPA: 4.7/5.0

- [Dissertation](#): "Morphological Approaches To Understanding Antarctic Sea Ice Thickness"

**New York University Abu Dhabi, Abu Dhabi, United Arab Emirates**

August 2011 – May 2015

*B. S. cum laude, Physics and Mathematics.*

GPA: 3.8/4.0

- New York University Honors Scholar, 2015

- Semester study abroad at NYU Berlin/Humboldt-Universität zu Berlin (Germany), Spring 2013

- Full scholarship, 2011 – 2015

## TEACHING AND LEADERSHIP EXPERIENCE

---

**12.720 Elements of Modern Oceanography**, MIT

Fall 2018

*Teaching assistant*

- Explained physical oceanography concepts to 25 first-year graduate students with no prior physics experience
- Improved scientific rigor of students research projects with one-on-one feedback

**Summer Math Review**, WHOI

2017 – 2018

*Organizer and instructor*

- Organized courses and assigned instructors for summer math review for ~20 incoming graduate students
- Prepared class notes for and taught ordinary/partial differential equations, data analysis, numerical methods

**MIT Badminton Club**, MIT

2016 – 2020

*Treasurer 2016 – 2019, President 2019 – 2020*

- Managed club financials (annual budget \$8000), including equipment ordering and fundraising
- Oversaw player registration, facilities reservations and liaised with sponsors for the Boston Open (2nd-largest badminton tournament in the USA)

## OTHER SKILLS

---

Fluent in English, German, Mandarin Chinese; conversant in Russian

Experienced with Python (numpy/sklearn/pytorch/pandas), SQL, OpenCV, Linux/Unix, bash, GCP (Google Cloud Platform), Docker, AWS (Amazon Web Services), Aerospike, Hive, Presto, Latex
